PLEASE READ BEFORE BIDDING

Coins and medals are sold at *so much per lot* and no lot will be separated. The auctioneer will accept an advance of 1 cent up to 5⁰c., then 5c. up to \$2.50, when 10c. advance must be bid, up to \$10, when no advance under 25 cents will be accepted. You can bid anything up to 5⁰c., after that the bid must be 55c., or 60c. Such offers as 51c., \$1.01, etc., are unavailable.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10 and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable. I have taken special pains to carefully and fairly describe each lot.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

The coins, etc., in each lot are different unless otherwise described.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft, as the usual exchange fee will be deducted from checks.

We will price your catalogue for \$1.00

CIVIL WAR RELICS.

PROPERTY OF P. T. JONES, Jr., Esq.

These include "minie balls," bayonets, buttons, belt buckles, all actually used, and for years were on the old battlefields of the South. A part of them were found in the old fortification ditches. The lead bullets were plowed up and collected by farmers during the earlier days after the war, as the fields, once red with the blood of heroes, were again pressed into a more peaceful use. These relics are becoming much sought after, and in a few years more they will be hard to obtain. This unusual offering, is from Corinth, Miss.

FRANK C. HIGGINS FOR PRESIDENT OF THE A. N. A.

A Committee of members of the New York Numismatic Club, at a meeting held recently in New York, nominated for President of the American Numismatic Association, for the coming year, Mr. Frank C. Higgins, President of the New York Numismatic Club. Your proxies are respectfully asked for Mr. Higgins. Here are a few of the reasons why he should be elected:—

For years he has been well known in both Europe and America as a numismatic writer and collector.

He is a thorough numismatist, understands all classes of coins, both ancient and modern, and has an intimate knowledge of their historic, artistic, genealogic and heraldic significance.

He has been a professional journalist for thirty years, and has written much and interestingly of coins and collectors.

He is unusually accomplished in speaking four languages and of having some understanding of that many more.

He wishes to derive no financial gain from the office; he is not a large buyer, and does not sell coins. His only ambition is to serve the American Numismatic Association and its members. He is a man of ideas, imagination, originality, diplomacy, accomplishments, deeds,—just the man for the office of president of a great national society.

You will make no mistake by giving him your ballot at the Montreal Convention in August.
